ENVIRONMENTAL POLICY STATEMENT

Latrobe Valley Industries (LVI) is committed to conducting business to protect the Environment, the health and wellbeing of our employees and members of the general public.

To achieve this, Latrobe Valley Industries will:

- Ensure as far as possible that all materials are used and applied in a safe environmentally friendly manner according to the manufacturer's specifications.
- Provide employees with appropriate information and knowledge in the safe handling and application of materials and waste products.
- Dispose of all environmental waste products according to regulatory laws, regulations or client procedures in a responsible manner.
- Induct all new employees to the Company procedures regarding the use and disposal of all waste products.
- Investigate all incidents of misuse / inappropriate disposal of waste, which does not comply with Company or statutory requirements, and implement preventive actions to prevent the risk of occurrence.
- Comply with all relevant environmental codes of practice, laws, regulations & AS/NZS 14001:2004 for the safe use and disposal of hazardous products.
- Conduct scheduled environmental review meetings to ensure adherence to Company and regulatory requirements.
- Purchase suppliers products that minimize the environmental impact on production and waste distribution.
